

Install WinSport (complete installation, incl. MySQL)

- Download " WS10 Complete Installation (64-bit) (file=WS10-64.EXE).
- In Explorer click with the right-mouse button on the file WS10-64.EXE and select "**Run as Administrator**".
- At the end of the installation the "WinSport Initial Run" screen appears. Click on continue to conclude the installation.
- Start WinSport and follow the instructions on the screen to register your WinSport and get a license.
